- Adobe Photoshop

PERSONAL PROFILE

I am a driven final year I.T student at The University of Queensland. I am seeking real-world experience as a Software Developer and am knowledgeable in a variety crucial programming concepts through my experiences with JavaScript, Java and Haskell. Additionally, I have a keen interest in graphic design and UX, am very creative and offer strong visual design and interpersonal skills.

RECENT WORK HISTORY

Customer Service/ Tech Specialist

Officeworks | October 2021 - CURRENT

- **Customer service:** Supported customers; responding to queries and purchases professionally and enthusiastically
- **Cash handling/ Register work:** Worked behind the register, familiarising myself with cash handling and processing payments using software. Also, helped improve my ability to upsell.
- **Tech Specialist:** Advised and assisted customers purchasing tech items such as phones/tablets, cables, monitors, laptops etc.

Sales Assistant/ Customer Service (Christmas Casual)

Ghanda Clothing | November 2020 - January 2021

- Supported customers; responding to queries and purchases professionally and enthusiastically

EDUCATION

The University of Queensland

Bachelor of Information Technology (2019 -) | Major: Software Design

Academic Achievements

- 2020: High Distinction in Introduction to Web Design (DECO1400)
- 2020: High Distinction in Graphic Design (DECO1400)
- 2021: Distinction in Human-Computer Interaction (DECO2500)

RECENT PROJECTS

Martian Splendour: github.com/Abstrusei/Martian-Splendour

- Fictional Mars hotel/resort website

Show Me The Crime: github.com/Abstrusei/Show-Me-the-Crime

- Website which displays crime statistics in fun, simple and unique way

Brisbane Pet Rescue : *Code is private for academic integrity (uni project)*

- Sophisticated dog adoption website created in a team of 6

Ragnarok Racer : <https://github.com/Abstrusei/2021-ext-studio-1>

- Retro-inspired arcade Java game created using LibGDX
- Developed in a large team of roughly 30 students
